Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and cer-tain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Re-mittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial dis-orders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss cappetite, pain in the back and loins, and cole ness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifies," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, preducing own drug poison in the system, producing quinism, dizziness, ringing in the ears, head-ache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its cer-tainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition. We warrant it when taken according to

It is almost needless to say that this preparation, for an effectual and certain cure for Dysentery, Acute and Chronic Diarrhœa, Flux, and all kindred diseases, far excels any other known remedy. It not only cures the disease, but strengthens the intestinal organs and invigorates the entire system. We do not claim it to cure every thing, but we guarantee it to cure the diseases we name above. For children it has no equal, being both mild and safe in its effects; and for females it is the best strengthener and appetizer known. Can be taken at all times with perfect safety.
